Academic Details

Course/Examination	Discipline	Institution/University	Year of Passing	Aggregate %
Bachelor in Computer Applications (BCA)	Information Technology	Institute of Information Technology and Management (GGSIPU)	2026 (Expected)	9.21 (Till 5th sem)
12th Standard	CBSE	Spring Meadows Public School	2023	90.6
10th Standard	CBSE	Spring Meadows Public School	2021	85.2

Technical Skills

Programming Languages	Java, Javascript, SQL.
Frameworks & Libraries:	Spring Boot, Spring Security, React (Hooks & Context), Node, Express.
Software Platforms	Git, IntelliJ, VS Code, MySQL, MongoDB.

Experience and Projects

Currently pursuing BCA from Guru Gobind Singh Indraprastha University (GGSIPU) affiliated IITM (Institute of Information Technology and Management) in 3rd year 6th sem.

MERN Stack Development Summer Training

- *Shri Sahib Tech* | June 2025 – July 2025
- Completed remote summer training focused on MERN stack development.
- Worked on full-stack application development, REST APIs, and JWT-based authentication.
-

1. **CalTrack AI: Intelligent Fitness Platform (MERN Stack, Google Gemini)**

- Engineered a full-stack health platform featuring a Contextual AI Coach integrated via **Google Gemini API** for personalized nutritional insights and automated health guidance.
- Built a responsive dashboard with React.js and Tailwind CSS, utilizing Recharts to provide real-time visualization of calorie trends and macro-nutrient distributions.
- Architected a secure Node.js backend with JWT authentication and successfully deployed the unified monolithic application as a cloud-native service on **Vercel**.
- Links: Live Demo | GitHub

2. **To-do Web App (React, Spring Boot, MongoDB)**

- Built a secure full-stack To-do app with user authentication (Spring Security + JWT), React Context, and REST APIs.
- Supports login, registration, and CRUD for todos, token-based access.
- Styled using React Bootstrap with dynamic UI updates.
